Volume No. 46

Whitesburg, Letcher County, Kentucky, Thursday Evening, September 25, 1952

Number 19.

Senator Craft
State Senator Archie Craft (Democrat) left, and Attorney N. Baxter Jenkins (Republican) right, have been named by their respective parties as Letcher County Campaign Chairmen of those parties for the November election.

Important School Board Race Overshadowed by Ike and Adlai

Although major political interest in the county is diverted toward the big presidential race, there promises to be a few campaigning fireworks on the lower strata of political power as candidates square off for the all-important Letcher County School Board race.

On the November ballots, which are now ready for the printing press, three candidates from each of the county's four educational divisions are named and those candidates, as is customary in school board races, are not listed as Republicans, Democrats, or any other party affiliates.

Jenkins Independent School District voters will elect two voters from a choice of three candidates — Wayne Collins, Ray G. Russell and Joe Bukovich Jr.

Educational Division No. 2 lists Dr. Ernest G. Skaggs, Willie Bentley, T. F. Brooks; No. 3—Goebel Adams, J. B. Eversole, Ray Collins; No. 4—Henry Sergeant, Ben J. Brown and Kerney Day.

In the big presidential race, the two major party candidates as usual overshadow candidates from other parties placed on the ballots. Besides Stevenson and Eisenhower, Letcher County voters will see on their ballots in November the names of Socialist candidate Vincent Hallinan, and Prohibition Party candidate Stuart Hamblin.

Stevenson To Sneak In Louisville, Sat. Sept. 27

A telegram from Democratic State Headquarters in Louisville reads as follows:

"Adlai Stevenson will make a major address at Memorial Auditorium, 970 South Fourth Street, Louisville, at 7:00 P. M., Central Standard Time, 8:00 P. M., Louisville time, Saturday, Sept. 27th. Your County Democratic Organization is urged to assist in insuring a representative and enthusiastic reception for Stevenson."

Signed:
—CLYDE WATSON,
Campaign Chairman.

We are authorized to announce J. B. Eversole as a candidate for Letcher County Board of Education, Educational Division No. 3.

We are authorized to announce Ben J. Brown as a candidate for Letcher County Board of Education, Educational Division Four.

We are authorized to announce Kerner Day as a candidate for the Letcher County Board of Education, Educational Division No. 1.

We are authorized to announce Ray Collins as a candidate for the Letcher County Board of Education, Educational Division No. 3.

Craft-Adams-Webb Reunion To Be Held At Mayking Sunday

What promises to be the biggest family affair ever to be held in Eastern Kentucky—the Craft-Adams-Webb Families Reunion—will get underway at the old cemetery in Mayking at 10:00 o'clock Sunday morning.

Exercises will start with a general handshaking of members of the three old families and their kin. Two old time songs will be sung and Elder T. R. Collier, 35 years in the ministry, will give the invocation.

Members of the three families will register separate during a general registration period. Every visitor from other counties and other states will be urged to register.

Speakers of the day will include the Hon. M. M. Long, St. Paul, Va., James Taylor Adams, Big Laurel, Va., Simpson Randolph Adams, son of James T. Chid Wright, Pleas Mobley, Commonwealth Attorney Emmett Fields, of Whitesburg, Curtis Clark, Prestonsburg, Representative Bill Adams, Jeremiah, and Dave L. Craft, Superintendent of Letcher County Schools.

Virginia State Senator M. M. Long will refer briefly to the three families and James Taylor Adams, assisted by his son, will give the genealogy of the Adams family, their lineage from the seventeenth century—the first settlements near the old cemetery to the present day; also a eulogy of the late Elder G. Bennett Adams.

Chid Wright, son of the late Capt. John W. Wright, will entertain with a ten-minute round of wit and humor and Pleas Mobley, of Manchester, will talk on the Webb family, to which he is related. Pleas will also have his instruments and songs on hand. He is noted as a folk singer.

Commonwealth's Attorney Emmett Fields, who is half Adams and related to the Webbs will talk on both families. Congressional candidate Curtis Clark, who is part Webb, will speak briefly and Representative Bill Adams will give a short sketch on his branch of the Adams family.

Dave L. Craft will speak on the Craft family. His grandfather, Uncle David L. Craft, 95, will be on the grounds, as will Aunt Mary Craft, 94.

There will be singing and a big picnic on the ground, with every person in the community bringing a basket of good eats. Handshaking will close the 1952 reunion of the three old families.

Hazard VFW Club Plays Host To 14th. District Meet Sunday

Doors of the Hazard VFW's new post clubhouse in Walkertown were opened Sunday to representatives of five clubs in this district and five state VFW officers as the 14th. District meeting of the Veterans of Foreign Wars got underway at 2:00 o'clock.

State officers of the VFW were State Department Commander Marshall House, Sr., Vice Commander George Stewart of Frankfort, Deputy Inspector George Pratt, Louisville, Hospital Chairman Jim Donahue, of Somerset, and Bob Misenberg, public relations officer from Louisville.

Commander House headed the list of guest speakers and gave a report on the National Encampment which was held in California earlier this month. House reported that Kentucky was represented by 31 delegates at the encampment.

Vice Commander Stewart gave a brief talk and Inspector Pratt gave a run down on reports, telling how and why they should always be in good

present at the district meeting order.

Hospital Chairman Donahue, who is commander of the Sixth District, stressed hospital work in his talk and urged each post to keep up its membership in order to have a stronger voice in governmental matters.

He pointed out that during the past year the government has sliced VA appropriations and in Kentucky alone the single VA hospital lost 587 of its original 987 beds, a 55 percent drop.

All speakers emphasized the need for new members and membership drives in each individual post were urged.

Radio Co. Men Seek Location At Whitesburg

Whitesburg will have a radio station by the end of October is the latest word from Charlie Trivette and the Ky.-Va. Broadcasting Company, which was recently granted permission to construct a daytime station in the Whitesburg vicinity.

Representatives from the Company were in Whitesburg Tuesday looking over prospective locations for their new station and a radio tower. An engineer will return to Whitesburg Sunday to inspect probable sites before a deal is closed.

A good location in the lower end of town has been made available to the company for the Whitesburg station and that location will probably be used.

The station has been assigned the 920 kilocycle spot on the radio dial and will be a daytime station only.

Recreation Project Awaits L&N Okay On Prospective Site

The Finance Committee for the Whitesburg Recreation Park and swimming pool projects have stopped taking or soliciting pledges toward the projects until a definite site for the project has been obtained.

Members of the committee said they felt there was no further use soliciting pledges at the present time, since the initial goal of \$30,000.00 by December 1 was reached this month. Overall goal is \$60,000.00 in pledges.

Actual work toward constructing the projects was to have begun shortly after the first \$30,000.00 was solicited but pledges came in so fast that more than enough money was raised to start the project before a suitable site could be obtained.

Action by the Louisville and Nashville Railroad Company is presently being eagerly awaited by committee members and citizens who want the L & N property below the Whitesburg Ball Park as the Recreation Park location. The railroad company has been approached and is considering sale of the land.

Recruiters Report Eight Enlistments

The Whitesburg Recruiting Station of the US Army and Air Force reports eight enlistments during the first three weeks of September, five from Perry and three from Letcher County.

Enlisting in the Air Force from this county for four year terms were Neal M. Roberts and Gordon Mullins, both of Jenkins, and Alford Griffie, Fleming.

Perry Countians enlisting were Eric Campbell (AF) four years, Alexandria Eversole (AF) four years, Josephine Combs (AC) three years, O. J. Dobson (Airborne) three years, and James Young (RA) three years.

Board To Have Busy October

Local Board 58 clerks June Breeding and Gleeda Hall are preparing for their busiest month during October, when approximately 120 Letcher County youths will be called for examinations to determine whether or not those youths will be inducted into the armed services.

Four of the five calls name men who haven't been previously called and failed their examination. The other call scheduled for October 21, lists 28 men for pre-induction who have originally failed examinations.

Two of the calls list 33 men for induction, the first call scheduled for October 1, listing 18 men, and the second call for October 18, listing 15 for induction.

Regular pre-induction calls have been set for October 6 and October 20 and name 28 men each.

Induction call for October 15, 1952:

Eugene D. Collins, Whitesburg; John H. Morgan, Columbus, Ohio; Bill Spartan and Elbert P. Kilbourne, Indianapolis; James Preston Bentley, Jackhorn.

Ralph Bates Jr., Neon; Johnny Campbell, Detroit; Otis Lyerly, Detroit; Calvin Ray Tucker, Telford, Ky.

Harold Lee Hall, Ermine; Kerley Reed Day, Kurtz Ind.; Harold L. Wampler, Richmond; John Isom, Brooksville, Indiana.

Bobby Gene Stidham, Cronoma; Billy Deluca, Hazard and Lanford Cann Craft, Mayking.

Thirty Entries In Fat Hog Show

Nine Letcher County farm boys have entered 13 prize hogs for competition against youths of three other counties in the first annual Kentucky River Fat Hog Show scheduled at the Isom Stockyards Saturday, October 4.

Other counties to be represented in the competition are Perry, Leslie and Knott. Letcher County Agent Robert Fike reports that thirty hogs have been entered in the show at the present time.

Prizes amounting to \$200.00 are offered to boys with the winning hogs. Grand prize will be a registered Hampshire sow pig by the Lee County Hampshire Association.

Competing hogs will be sold after the show if owners are satisfied with the prices offered and Agent Fike urges everyone who needs a prize hog for winter meat to be at the show and compete for the hogs.

Prizes in the show are to be offered by The Mountain Eagle Kyva Motor Company, The Bank of Whitesburg, Wardrup Packing Company and the 4-H Club Council.

Letcher youths entering hogs in the show are Ben Hunsucker, Sergeant; Bobby H. Blair, Sycamore; Carlos Dixon, Sycamore; Johnny Duke, Sycamore; Frankie Duke, Sycamore; Hillard D. Caudill, Doty; Wilgus Pride-more, Doty; Wilgus Hogg, Kingscreek; and Dean Back Sycamore.

A representative of the Social Security office in Hazard is located in the Post Office Building, Whitesburg, the second and fourth Tuesday in each month.

Letcher Criminal Docket Lists Forty Cases For October Term Of Circuit Court In County

Forty cases have been set down for the criminal docket of the October term of Letcher Circuit Court, Clerk W. L. Stallard said today.

Assault and Battery leads the list of charges with five persons being charged with that offense. All assault and battery cases on the docket are set for the first day of court, October 6.

Named on separate charges of assault and battery are Martin Crockett, Glenwood Wilson, Howard Boggs, Orville Webb and Anna Mae Harrison.

Grand Larceny runs second to assault and battery on the docket with four cases listed on that charge. Those cases will be tried October 8-9, third and fourth days of court. Charged with grand larceny are Ira Maggard, Kenneth Scott, Burnett Collins, Corbett Morton, and Vernon Mullins.

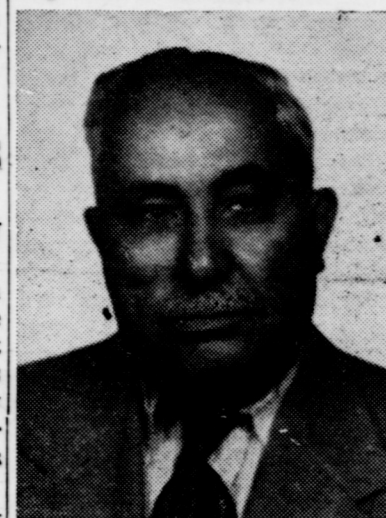

On the second day of court, October 7 Eddie Burke is named on the docket to be tried on charges of carnally knowing a female under the age of 16 years and detaining a woman against her will.

Two persons are to be tried on charges of public drunkenness and only one is listed for selling intoxicating liquors in a dry territory. Two persons are to be tried for driving while drunk.

Three forgery cases are listed and two cases for storehouse breaking are to be heard. Only one case charged for non-support is listed and a single charge of child desertion is on the docket.

No murder cases are on the docket.

Opens New Store

Sam Hush's new department store at Neon will open for business Friday, September 26, and Mr. Hush cordially invited all his customers and friends to the grand opening of the new store on that day.

The store features nationally advertised merchandise for all the family.

20 Countians Enroll At Pikeville College

Six men and 14 women from Letcher County are among the 216 enrolled for the fall semester at Pikeville Junior College.

Ronald Kincer, Kona, is registered as a senior in Pikeville College Academy.

Nine Kentucky counties, three other states and two foreign countries are represented in the college group, which includes students from Pike, Knott, Floyd, Johnson, Martin, Magoffin, Russell and Wolfe counties Kentucky. Seven are from Mingo County, W. Va., and one each from Indiana, Michigan, Cuba and Guatemala, Dr. A. A. Page, college president, said today.

The Latin Americans, both returning for their second year at Pikeville, are Roger Padron, Cardenas Cuba, and Margrit Hoehn, Rio Brava, Guatemala.

Red Cross Tries Again With Letcher Chapter

The Letcher County Chapter of the American Red Cross is trying once again to become an active unit and this seems to be the final go-around for a much-needed chapter which has been twice let down by the people of this county in the last two years.

It's not that the Red Cross needs Letcher County but the fact that Letcher County needs the Red Cross that has brought about this latest re-activation move, which is being headed by an active Red Cross worker who has contacted many key persons throughout the county.

The Red Cross worker, a lady from Alexandria, Va., was taken from her Red Cross disaster work, in which she specializes, to put Pike and Letcher County Red Cross Chapters back on their feet.

In this county the lady from Virginia met a situation which showed a lack of interest on the part of citizens of the county in that the annual Red Cross drives during the past two years have failed to come up with anywhere near the amount of money needed to support a chapter. In fact, National Headquarters had been forced to give funds to Letcher County in order that a chapter might survive.

The last move to put an active chapter in operation here in the county was the combining of Whitesburg and Jenkins chapters into a Letcher County Chapter, but that move failed after only a few weeks of having a local Red Cross worker alternate between Whitesburg and Jenkins during the week.

Kick-off for this latest re-activation move will be a public meeting in the Letcher Circuit Courtroom Monday night. All persons interested in the Red Cross are urged to be present and a large turnout is expected since many key persons throughout the county have been contacted. Officers for a chapter will be elected and a Red Cross Board will be named at the meeting.

The Letcher County Chapter is starting all over again and we are starting all over again with the chapter, fighting as always for its success . . . knowing what the Red Cross means to a community or county.

LEGION NOTES

—by G. K. Cantrell—

The Bradley Burkhart Post No. 66, American Legion, Jenkins, held its regular monthly meeting Saturday night Sept. 13, at the Lakeside Hotel.

The first thing on the program was a chicken dinner furnished by Carl Fitzpatrick—yes, for a price, but well worth it. Nothing starts a program off like a good wholesome meal. Keep up the meals and I'll kick in the price. Other Legionnaires feel the same way too.

We were highly honored in having Dr. D. L. Bower, Barboursville, Ky., attend our Legion meeting. Dr. Bower is our Area Commander of the American Legion and was fresh from the National Convention in New York City.

Highlight of Dr. Bower's talk was his tape recordings of addresses delivered by both presidential nominees to the convention. This was the first time in our history that both presidential nominees addressed the same convention. Speeches, were in my estimation, both non-political and were food for thought. Wish more in Jenkins could have had the opportunity to have heard this very fine program.

The American Legion is endeavoring to sell Jenkins and Southeastern Kentucky to Northern industry. The plan is to decentralize industry—in view of the destructive impact of the atom bomb. All industry is interested in this centralization and our governmental agencies are trying to educate the people of this nation to the necessity of such action.

We feel the American Legion is the proper Liaison organization to do the job. The Legion is made up of America's finest men. A Legionnaire may be a truck driver from North Carolina, a coal miner from Kentucky, a cow puncher from Oklahoma or Texas, or a lawyer from Philadelphia. Our 18 million veterans come from all walks of life. They had the same rations, same clothing and the

same training, one great fundamental—how to work and live together with only one goal in mind, VICTORY.

We have Legionnaires who represent capital and management and many who represent labor. We are on one team. We want to get new business in this area and we believe we are the logical organization to "Carry the ball." All the help possible for from other organizations will be greatly appreciated. Put

your shoulder to the wheel and be sure that your feet don't drag.

Any veteran, who isn't a member of the American Legion, desiring membership, should talk to Dave Zegeer, Post Commander, Ivan Mullins, Post Adjutant, or Carl Fitzpatrick, Membership Director. All veterans in the Jenkins area—we have a job for you. You answered the call of duty once, it beckons you again.

Georgians Report On Mission Study

Atlanta, Ga., Sept. 10 — "I didn't stop until I had finished reading it," was the testimony of many who read the book "The Prophet of Little Cane Creek, life of A. S. Petrey, Hazard, Kentucky, who for almost a half century was pioneer missionary in the Kentucky mountains for the Baptist Home Mission Board and the Kentucky State Mission Board.

The Reverend Petrey died August 28, twelve days to the hour after his companion had passed on. All nine children were at the funeral which was conducted from Petrey Memorial Baptist Church, Hazard, Kentucky.

The Prophet of Little Cane Creek was produced by the Kentucky State Mission Board and the Baptist Home Mission Board and was written by Dr. Harold Dye now pastor of Baptist Temple, San Jose, California. The book has been among the best sellers of our mission books.

The Reverend Petrey was

born in Whitley County, Kentucky near Little Cane Creek, attended Cumberland College, Williamsburg and also the Baptist Seminary in Louisville, Kentucky.

Thirteen churches were constituted by this pioneer missionary and with his hands he helped build nine of their houses of worship. He organized Three Forks Association in 1900 and established Hazard Baptist Institute that operated for thirty-five years, giving hundreds of mountain boys and girls an opportunity to learn the four R's, (reading, riting, rithmetic, and religion)—which to him meant Christ).

He was offered a professorship in a college; many calls came to become the pastor of large churches, but he stayed in the Cumberland Hills to tell his people about God.

This fallen giant, by the grace of God, still lives in the lives of nine children, other relatives, the souls he won, the churches he built and the thousands of unseen friends influenced by reading "The Prophet of Little Cane Creek."

Rabbit, Quail Season Opens November 20

The rabbit and quail hunting season will open on November 20, the same as of last year, but will continue through January 18. Last year the season ended January 10. The bag and possession limit however, were unchanged. The limit for quail is 10 or a possession limit of 20 after two or more days of hunting. For rabbit the daily limit is eight, with 16 the possession limit after two or more days of hunting.

The ruffed grouse season also was extended but the bag and possession limit left at two and four. Last year the season on this species opened on November 20 and extends through January 18.

The season for trapping furbearers, raccoon, opossum, mink, muskrat, skunk, and red fox, also was changed. The season was set to open on November 20 and extend through January 18.

The commission voted for a legal season in which raccoon and opossum may be taken with dog only. This season opens on Oct. 21 and continues through November 19.

Whitesburg Garden Club

The Whitesburg Garden Club meeting on Monday evening at the home of Mr. and Mrs. V. D. Picklesimer closed the eighth year of the organization. The meeting was well attended with several visitors present. The officers who were installed for the 1952-53 year were: Hiram Taylor, Jr., President; Mrs. Jack Cox, Vice-Pres.; Mrs. French Hawk, Treas.; Mrs. Hiram Taylor, Jr., Secretary. The subject for the evening was planning the year book. Mrs. D. B. Franklin displayed two dozen specimens of dahlias. The club will begin the new year on the fourth Monday of October, with several new members. After the social hour the club adjourned.

Recent guests of Mr. and Mrs. Lawrence Lewis were Dr. and Mrs. R. B. Clark and family of Lexington. Miss Madge Smith of Corbin was also house guest of the Lewis family recently.

Last week Mr. and Mrs. Archie Craft had as guests Banks, Faye Goff, Irene Mrs. Craft's mother, Mrs. S. Stansberry, Ann Caudill, Pat

B. Reese of Floreffe, Pa., and Mr. and Mrs. Carl Reese and daughter, Kathy of Pineville, West, Va. On Monday Mr. and Mrs. Craft and guests attended funeral services for Mrs. P. McKenzie at West Liberty at the First Christian Church.

LIONS

Robert Collins, County Judge, talked on the County Roads. He pointed out that we are getting a new-work of highways across the county like spider webs. Soon all parts of the county will be easy to reach on good roads.

Next Thursday night 6:30 the club will meet at the Whitesburg VFW Clubhouse for a supper with the Neon Club. The district governor will be present and give the

principal address. It is hoped that all members will be present both from Neon and Whitesburg. The fall work on the minstrel will be under way very soon. This is expected to be one of the brilliant affairs of this section for the autumn. There will be many in high society participating in this annual event. Paul Vermillion Lion, has charge of the program. Lion Orval Hughes was one of the victims to be fined last Thursday night. Lion Bob

BIG LIFT to Better Farming

Better farming, new methods and machines, better livestock, and improved marketing are helping bring about a new era of progress and prosperity in Dixie.

Rural telephones (they tripled in number since World War II in the area served by Southern Bell) are bringing a big lift to farm work and farm living. During the first eight months of this year, we installed more than 92,000 rural telephones.

We'll keep on putting them in as fast as we can—because we know how much they mean to prosperity on the farm and in town . . . and to a strong, well-fed America. More farm telephones also mean more valuable telephone service for everyone.

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY

Stansberry, Tail Twister, soaked several members for various and diverse reasons. The fines go toward helping with the general program of the club.

Big Crowd Gathers At Smoot Creek

A large congregation gathered at the Baptist Orphanage on Smoot Creek Sunday, August 31 for preaching and a basket dinner.

Elder M. A. Music, of Jellico, Tenn., introduced the service and led in prayer. Elder Cullen Hogg, of Cumberland, and Elder Frank Hopkins, of Pikeville, preached . . . with all sermons along the same line, praising the work of the late G. Bennett Adams in establishing the orphanage for the homeless and destitute children of Eastern Kentucky. "The things we do for ourselves die with us, but the things we do for others live forever."

Folks were present from all sections of Letcher and surrounding counties. Also from Tennessee, Indiana and other states. Among those present were U. S. Congressman Carl D. Perkins and Knott County Judge Merd Sloan. While dinner was being served, those present shook hands and revived old friendships or met new friends. There was plenty of food for all.

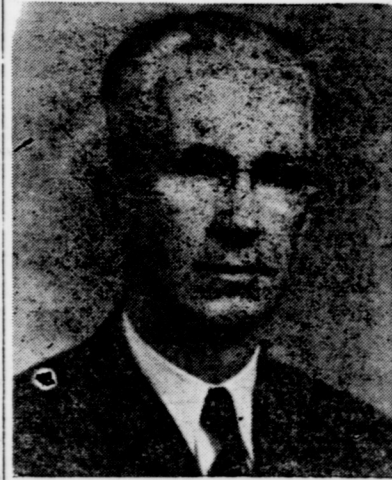

Contributions amounting to \$356.15 were given at the meeting and friends of the home expressed their sincerest thanks.

Here is a statement from a friend of the orphanage: "The new Board of Directors, together with Harold G. Hurst, Secretary and Treasurer, are to be commended highly for their untiring efforts in behalf of the welfare of this home. Every incorporator of this orphanage should work just as hard as the directors they have selected. The entire burden shouldn't be shifted to four or five persons. With all working together, much good can be accomplished. Not long ago, the orphanage owed several hundred dollars but today it is practically out of debt."

"There have been abundant crops and about three hundred dollars worth of vegetables, berries, chickens and other things from the farm have been sold. The children have canned hundreds of cans of fruits, vegetables, pickles, jams and jellies. They have a deep-freeze full of food, also plenty of potatoes, chickens, cows and hogs on hand."

"Everyone who feels impressed to help children who are less fortunate than they should send their contributions to Harold G. Hurst, Secretary and Treasurer, Mayking, Ky. Friends of the Home, thank you again for every kindness and especially Mrs. Dan Baker for words of encouragement."

THE PARSON SAYS:

—by E. Hampton Barnett

I want to pay my high respects to the high schools, and Stuart Robinson in Letcher County. I have spoken to them all, and have found teachers and students courteous and lovely.

I had the privilege of speaking to the grades and high school at Whitesburg since the opening of school, some 1200 students. This is a privilege and one I do not pass by lightly.

Following my talk to the high school I was invited to speak to the second grade. That was no easy task to go from the high level of scholarship of the faculty, and students to the second grade, but I liked it very much. I spent some time preparing my talk for the graders, and high school.

Two of the second grade students stopped me on the street, and said, "You did a good job." The Professor just told the high students after the talk to "pass out," and they did.

I want to come to the aid of study, for two preachers, and one layman told me last week that all a preacher had to do was to "Open his mouth, and God would fill it." I have tried that a few times, and found my mouth filled with hot air.

That old saying that has caused many people to fall, came from the lack of understanding Matthew 10:19. "When they deliver you up, take no thought how or what ye shall speak: for it shall be given you in that same hour."

Here Jesus was telling his disciples that they would be arrested and brought before the law, not in the pulpit at all.

The truth is St. Paul said to Timothy, his preacher, "Study to show thyself approved unto God." II Timothy 2:15.

The Bible is full of commands to study, learn, get wisdom, get knowledge. Without knowledge no preacher can preach the truth, for he may not have the truth as it is in Christ, certainly not unless he studies to find what God

says to us.

I try to have some story for the children in my congregation to make the sermon easy to understand. The other Sunday while preaching I announced that I was going to tell a story about a bear. A little three-year-old girl moved forward in her pew and said, "Now that is better."

I never tell a story unless I know it is true. At one time I was telling a story. A little boy listening, asked his mother, "Is that a true story?" We parsons have to be careful what we say, for some people will listen to us.

A little girl went home from church and was asked by her mother what the preacher said. She answered, "Well he was telling the prettiest story of Jesus, but all at once he just began preaching."

There is nothing better than the simple story of Jesus, told in the most simple way, even so a child can understand it.

I get a lot of fun preaching, and can enjoy a joke very much. Some people never see any fun, and sometimes I wonder if they enjoy their religion. As the old colored man said, "Only them that hez religion enjoys it."

I think Jesus must have enjoyed his religion very much, for he had so many different people to preach to.

SPORTS

-by RUSSELL RICE-

TALKING IT UP!

With Russell Rice

These are the days of the split T, box T, and every other type of tricky football formation and sometimes it seems almost unfair to the poor football spectator who doesn't know who has the ball until the carrier is tackled.

Remember back a few years ago when the old power laden single wing was the berries and you could watch the ball everytime it was handled. Back then, a double reverse was the trickiest play in the manual and very few teams could execute that play.

When the "T" first came into focus in Eastern Kentucky, we Bankmutes at Van Lear decided to try this formation. So we lined our backs up behind the center in a straight line and a man in an airplane could probably see the resemblance to the letter "T". Then we would shift into the old single to the letter "T". Then we would shift into the old single wing to execute our plays. That was how much we knew about the "T" formation.

Every once in a great while we see a play from the old school work for a t. d. and it gives us a pleasant thrill . . . a thrill such as we got when Stuart Robinson's Hal Adams took the pigskin from the outstretched hand of quarterback Roger Haynes and went all the way from the 15 yard line for the Eagles second touchdown of the season.

That was undoubtedly the crudest executed statue of liberty this sports fan has ever seen but it worked—and worked so well that Elkhorn City's defenses were caught with their pants down. On the play, quarterback Haynes held the ball straight behind him as if to pass, and he held the arm so stiff that it would have been an impossibility to throw a decent pass but the quarterback wasn't worried about passing; he was worried about Hal, who seemed to take a long time getting around to where the ball was waiting. But Hal made it and went around left end, which was unguarded and didn't stop until he had hit paydirt. We got a bang out of that touchdown.

It looks as if the Whitesburg Yellowjackets are one of those hot and cold running teams capable of beating almost any team in the conference when "on" and capable of being defeated by almost any team in the conference when having an off night.

Pikeville beat the Yellowjackets by capitalizing on Whitesburg mistakes. Among those mistakes were six fumbles and two intercepted passes. We couldn't exactly call the first intercepted pass a mistake but the second pass, exactly the same play as the first one, should never have been called. We're still with the Yellowjackets, however, remembering how little we would have given for their chances of even defeating one of the big "P's" earlier this season.

Fleming-Neon gave Whitesburg a preview of what to expect from the powerful Lynch Bulldogs, whom the Yellowjackets meet here in a benefit game October 10. All proceeds go to the swimming pool and recreation park fund and advance tickets are on sale all over town. In fact, yours truly has a bunch he'd like to sell.

It's Jenkins vs the Fleming-Neon Pirates in the big game of the week here in the county and although the Cavaliers should take this one we are reluctant to ignore the Pirates who are ready to step out and win one and they always seem to be able to turn the trick on the Cavaliers. In last week's tie with Paintsville, Jenkins received some bad breaks in having scoring plays called back for rule infractions.

Mr. Nolan favors with a chance remark during this election year and we think it appropriate: "If politicians were as good finding out each other's crookedness after a man gets into office as they are before he is elected, wouldn't that be something?"

Pikeville Drops Whitesburg 12-0; Jacket Fumbles Costly

Whitesburg's young backfield got the fumbling jitters again Friday night and by the time a heavy fog had cleared from the field the Pikeville Panthers had won their third straight game of the season by a 12-0 score.

The first Panther tally came midway in the first quarter when Burnette plunged over

Lynch Defeats Fleming-Neon

The powerful Bulldogs of Lynch High invaded Letcher County and the East Kentucky Mountain Conference Saturday night to rack up their fourth straight win of the season by downing the Fleming-Neon Pirates 34-0.

Coach Potter's boys scored first in the opening quarter when Bob Bonich climaxed a 65 yard drive by scoring from the 42 yard line. The Bulldogs struck again in the second quarter when Banyaz passed 42 yards to Randall Mills to end a touchdown drive which had started on the Lynch 20.

Bon Bonich scored again in the third quarter on a four yard plunge. He also added the extra point.

In the final period, Bonich was a key figure in scoring of the Bulldog's last two touchdowns. The versatile back finished out a 60 yard drive from the five and added the extra point. For the last touchdown, Bonich took a 47 yard pass from Banyaz to complete another 60 yard drive.

Lynch meets Hazard at Lynch Friday and Fleming-Neon journeys to Jenkins Saturday.

Eagles Score Twice But Lose 18-12

The Stuart Robinson Eagles pushed across their first touchdown of the season against Cumberland High of Elkhorn City Friday afternoon and then went on to score a second touchdown while bowing to the Pike County boys 18-6.

The first Eagle tally came on the initial play on the second quarter when quarterback Roger Haynes went around right end from the ten yard line to tie the score at 6-6. A jump pass for the extra point failed.

Elkhorn City had gone ahead in the opening minutes of the first quarter on a seventeen yard Adkins to Sweeney pass which was good for a score.

Elkhorn City had taken the ball on their own 38, after the Eagles kicked on fourth down after taking the kickoff, and marched all the way on five line plays and two pass plays. Stuart Robinson scored nine plays later, after returning the Elkhorn City kick from the Stuart Robinson 30 to the Elkhorn City 29, a 51 yard return. There was no more scoring in the first half.

Cumberland High scored twice in the third quarter, on a two yard plunge and a 26 yard end run. Try for point was no good on both attempts.

Stuart Robinson ended the game's scoring in the fourth quarter when Hal Adams took the ball on the old statue of liberty play on the fifteen and went over for a touchdown. Try for point failed and Elkhorn City won 18-12.

TEACHER NEEDED AT JENKINS SCHOOL

The Jenkins High School needs a teacher of English for 11th. and 12th. grades. Any available English teacher is requested to contact C. V. Snapp, Superintendent of Schools, telephone 735. Good salary and fine working conditions.

from the six yard line. That initial tally was set up when Clark intercepted a Whitesburg pass on the Whitesburg 36 and returned to the 31. Three line plays advanced the ball to the six, from where Burnette scored.

Whitesburg's Kincer had taken the opening kickoff on the 15 and returned to the 31 and two plays later, on the 34, the first Yellowjacket fumble occurred. Pikeville recovered but failed to make a first down in four plays as Bobby Breeding made a key tackle to throw a Panther for a loss on a play.

Whitesburg took over and ran one play before the ill-fated pass play set up the first Panther score. Kick for point was no good.

Kincer again took the Panther kick on his 15 and returned again to the 31 yard line. Kincer made 13 for a first down and ten on the 44 and Fields lost eight yards on a fumble. Caudill ran for 14 yards to make up for Fields' loss but a fumble by quarterback Holbrook lost back to the 43 yard line. Whitesburg kicked to the Panther seven yard line, where the Panthers were held for downs and forced to kick out to their own 40.

Fields made one and on the next play Whitesburg drew a 15 yard penalty. A Holbrook to Fields pass was good for only two and on third down Whitesburg fumbled and Pikeville recovered on the Whitesburg 46. The quarter ended a play later.

Neither team could push across a score in the second quarter, which was characterized by loose play on the part of both teams and another fumble in the Whitesburg backfield.

Staggs took the Whitesburg second half kickoff on his 12 and returned to the 30. Staggs hit the line for 17 yards and a first and ten and the Yellowjackets tightened their defense and forced the Panthers to kick on fourth down from the 48. The kick was downed on the Yellowjacket five.

Whitesburg racked up four straight first downs in a big offensive move from their own five to the Panther 49. Fields gained two on the 49 and Caudill fumbled; Russo recovering for Pikeville to stop the Yellowjacket drive.

Pikeville scored again in the fourth quarter as Staggs shot through the line on the Whitesburg 20 and eluded Yellowjacket defense men, falling over the goal line after a desperate Yellowjacket tackle. Clark had made 22 yards the play before Staggs' touchdown run from the 20.

The wind was out of Yellowjacket sails and Pikeville was in full command from that point to the game's end.

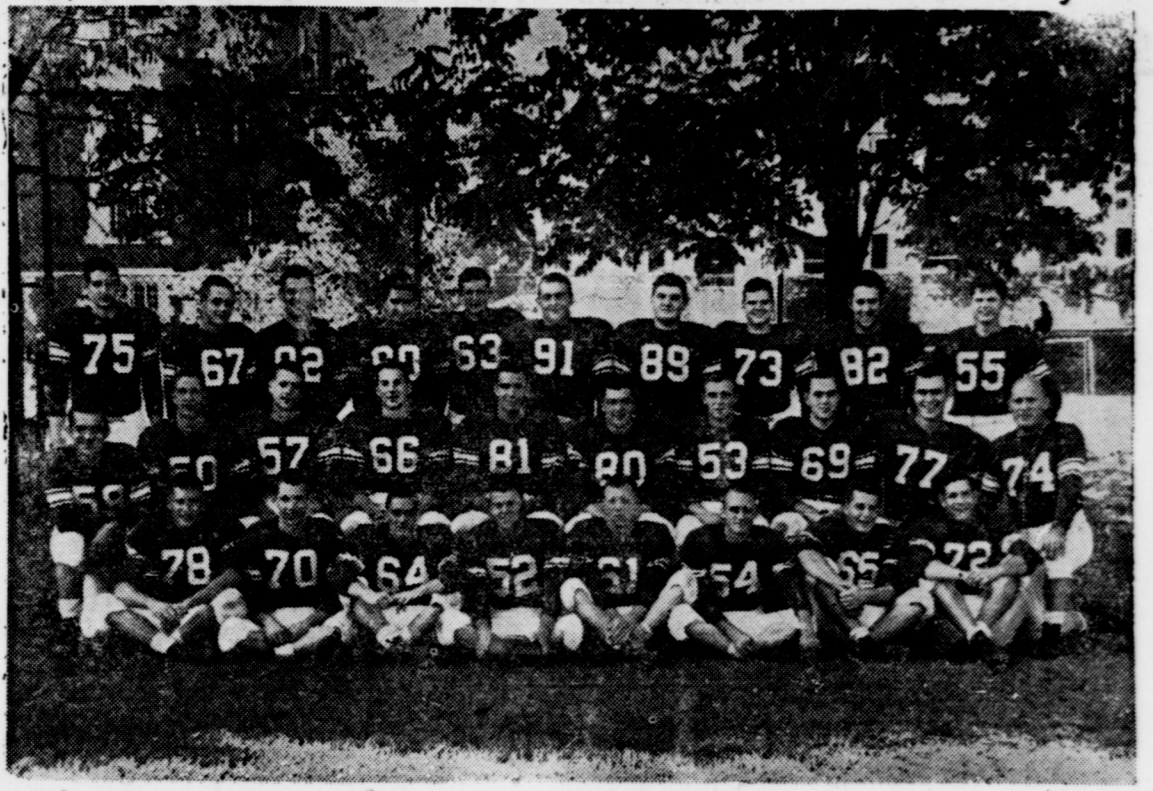

In Operation

Whitesburg Athletic Director Ray Pigman tells us that the scoreboard will be in shape for the Yellowjacket-Redskin game Friday night, which will take a little makeshift since quarter markers were stolen earlier this year and will have to be replaced by homemade ones.

WILL UNDERWOOD DIES AT BECKLEY, W. VA.

Will Underwood, 67, brother of Mrs. A. C. Brown of Whitesburg, died at his Beckley, West Virginia home Friday night of a heart condition.

A native of West Virginia, he was a mechanic by trade, retiring from active employment a few years back.

He is survived by his wife, four sons and two daughters, four brothers and one sister.

DON'T MISS IT

The big CRAFT-ADAMS-WEBB families reunion Sunday at the old cemetery, Mayking, Ky.

THE BIGGEST EVER HELD IN EASTERN KENTUCKY: Good feeling, greetings and handshakes will abound throughout the haunts of the old cemetery, bones of the old pioneers mouldering there since long before the eighteenth century, with hundreds of those who have "crossed the bar" in the more recent years.

OPENING 10:00 A. M.

Invocation—Prayer, Elder T. R. Collier, of the Old Regular Baptist faith, thirty-seven years a minister. Singing two old hymns appropriate selections.

INTRODUCTORY — remarks, Commonwealth's Attorney Emmett Fields Whitesburg, and a brief resume of the three old families, especially the Adams and Webbs—his mother being an Adams.

The jovial, good-natured Pleas Mobley is coming from Manchester, Ky. with an overflow of wit and oratory that has made him famous throughout the state. He will play his several string instruments with skill. Mobley is closely related to the Webbs.

Honorable M. M. Long, State Senator, St. Paul, Va., and Congressional candidate, a splendid speaker, will address the audience—but refraining from politics. He is closely allied with the hundreds of his constituents in the Bolling, Hubbard, Short families in the Pound country.

Curtis Clark, former Prestonsburg, Ky., Mayor, Republican nominee for Congress in the Seventh district will speak detailing his long connections with the Webb family in the Big Sandy. He may be a part Webb himself.

James Taylor Adams, Big Laurel, Va., and his son, Simpson, Randolph will exploit the extensive Adams family. They know the Adams family throughout. Elder G. Bennett Adams, known and loved by all, who sleeps nearby, will be eulogized. Bennett's good deeds will outlive his memory.

"Chid" Wright, Pound, Va., full of wit and humor, son of the late Capt. John W. Wright, will have a full ten minutes say, and he will put the audience on their feet.

Our Representative, Bill Adams, Jeremiah, Ky., member of the old family will have a brief say on his forebears.

County Superintendent of Schools, Dave L. Craft will represent the Craft family briefly. On the grounds will be Uncle Dave L. Craft, his grandfather, now 95. Another old Craft will be Aunt Mary, about 94, mother of Nat Craft.

A BIG PICNIC ON THE GROUND—Hundreds of baskets filled to overflowing. Then the 1952 three-families reunion will end with singing and handshakes. DON'T FORGET TO REGISTER.

Burdine Webb, Head of Publicity.

To The Voters of Division No. 4

Lower Whitesburg, Sandlick, UZ Dry Fork, Cowan, Kingdom Come, Isom, Upper Smoot.

To the voters of Educational District No. 4, I wish to announce myself as a candidate for a member of the County Board of Education.

I presume a large number of the voters of this district know me. I feel like I am qualified for said position. I have taught school for a period of 42 years in different sections of this county. Now a retired teacher. I feel like I should know the boys and girls of this district and county. I realize that every child is some mother's son or daughter and they should have an equal distribution of the school funds to be applied to the various districts where it is most needed, regardless of race, wealth or church affiliation. I am in favor of transportation for all the boys and girls to and from school by some means if the roads will permit. Many things should be done for the well-being of our girls and boys who are trying to prepare themselves as citizens of tomorrow.

Do you think we should perpetuate the same men or women to serve on the school force year after year, or do you think we should have a change. Do you want to encourage the boys and girls who are going to school trying to qualify themselves that they may have a chance to fill some position when it permits itself.

I stand for an equal division of the taxpayers money, to be placed where it is needed most. I believe in an equal right and justice for all. I am in favor of giving our men and women who have qualified themselves a chance to serve. My choice to serve this county as Supt. of Schools is Isaac Hogg, now teaching high school at Whitesburg.

If elected, I stand for the principles mentioned in this announcement. Your vote and cooperation solicited.

Yours truly,
—BEN J. BROWN.

To The Voters of Educational Division No. 3

I hereby announce myself as a candidate for member of the Letcher County Board of Education, subject to the Nov. 4 1952, election.

It is my desire that every child in our county have the best educational opportunity it is possible for them to have. I seek no personal gain of any nature and if the people of this district see fit to give me this office, I will give to it the best that I have.

I earnestly solicit your support and urge that you give me careful consideration.

Signed,
—J. B. EVERSOLE.

Ashland Oil Will Broadcast College Football Games

In closing this final program of the 1952 series of the "Romance of Kentucky Shows," I take this opportunity to express our appreciation of the very great interest shown by our fellow Kentuckians in this "Know Your Kentucky" program.

Four years ago last spring, when Willis Munro and I were planning our first "Romance of Kentucky" series, little did we know the extent to which this program concerning Kentucky would attract such tremendous interest and enlist so much support from leading Kentuckians. It will be recalled that our 1949 program featured our state parks and points of historical interest. With the aid of J. B. Faulconer, our program was expanded three years ago into the present Quiz Show dealing with every subject pertaining to Kentucky.

The ever increasing crowds that have attended this year's thirteen shows attest to the love of Kentuckians for their home state — a response that should be inspiring especially to those engaged in governmental, business and civic activities as well as to the thousands of private citizens who are striving for the advancement of our commonwealth.

Speaking for Ashland Oil & Refining Company and Aetna Oil Company, our companies have taken great pleasures in producing this year's programs, originating in thirteen cities and broadcast over 35 Kentucky radio stations. Judging from the great number of letters received, hundreds of thousands of Kentuckians have learned new and interesting facts about our state and many thousands of copies of the free booklet, "Know Your Kentucky", have been given out by Ashland and Aetna gasoline dealers to those who have asked for a permanent record of these programs. Particularly, are we pleased by the many requests for this booklet received from schools, which are using it to arouse greater interest in Kentucky on the part of their students.

So many have contributed to the success of these quiz shows that it is impossible to give recognition to more than a few of them, but particularly, we desire to thank that great Kentuckian Governor Lawrence Wetherby, for his participation in our program at the State Fair and for the unfailing interest and cooperation given by him and his associates throughout the entire "Romance of Kentucky" series.

The list of organizations to which, again this year, we are indebted is long and impressive... too long to itemize now. We especially acknowledge the splendid cooperation and support accorded by the newspapers and radio stations throughout the state.

In a few days, you will be hearing over the thirty radio stations, comprising the Ashland-Aetna Oil Sports statewide network, the first broadcast of the football games of the Kentucky Wildcats, Louisville Cardinals, Eastern Maroons, Western Hilltoppers, Murray Thorobreds and Morehead Eagles. We invite you to tune in.

Thank you all for listening to the "Romance of Kentucky Quiz Shows" telling Kentuckians more about our great state.

Biographical Sketch Of Dr. John Collins

(Ed. note: Dr. G. D. Ison, well-known Blackey physician now at Bonita Springs, Fla., presents to us a biographical sketch of the late Dr. John Collins, pioneer Kentucky mountain doctor whose many descendants are outstanding in medical and other professions in Letcher County today.)

Dr. John Collins, son of Madison Collins and Ruth Hale Collins, was born December 5, 1865 near the mouth of Camp Branch at the Post Office address then known as Rockhouse, and died in a Lexington, Kentucky hospital August 6, 1918, presumably from Pellagra and other complications.

As a youth, there is little to be said except that he worked on the farm with his father & attended the common schools. At the age of 18, he entered the Agricultural & Mechanical College of Lexington, Ky., where he became interested in Agriculture and during his entire life thereafter he was a devoted student of farming; reading all the agriculture papers and testing all different grains and theories of farming put forth by those magazines.

At the age of 21, he married Pollie Adkins sister to Dr. Boaz and Dr. John Adkins, dentists, and Dr. Moses Adkins. Two sons and a daughter were born to the union.

Like many of the physicians of the day, he resorted to teaching in the common schools as a stepping stone to higher work, teaching four years and then, in 1888, entering the Hospital College of Medicine in Louisville, graduating in 1890. While in the college, he did special work, under the celebrated Dr. John A. Larabee, in Diseases of children.

In 1898 he represented Floyd, Letcher and Knott Counties in the Kentucky Legislature during one of the most stormy sessions in the history of the state. At that session, the Goebel Election Law was passed.

As an orator, even at this early age, he had but few peers; as a farmer his theories were far advanced and as a politician he was skillful and adept. Shortly after his location on Rockhouse, now Colson, his name was heralded throughout Letcher, Harlan, Perry and Pike Counties as one of the ablest medical men in the mountains of Kentucky. His skill as a physician, together with his high social attainment, placed him in the most enviable position as far as medicine was concerned in the mountains of Kentucky.

His only transportation was that of his trusted horse for which he was a great lover. The roads were mere paths & many times during inclement weather, he was forced to ride through the turbulent waters of mountain streams on trips which sometimes lasted a week or more. There were no telephones to carry messages to and from the doctor, but many times the music of hoofbeats of a tired horse pattered down the road and a tired voice roused the doctor from his bed at a midnight hour, "Come, Doctor, my wife is dying."

Whether or not he accepted Pasteur's germ theory, Lister's Antiseptic, Roentgen's X-ray or Madam Currie's Radium matter little. He did not administer serums or take blood counts or use the microscope for differential diagnosis, but evidently was well versed and familiar with inspection, percussion, palpation and all the ordinary means of diagnosis. His drugs consisted principally liquids and powders many in crude forms. He did not have the advantage of the fine products that are manufactured today. He didn't even enjoy the ordinary adhesive for dressings which is now available.

At the time of his graduation there wasn't another graduated physician in Letcher County, no competition save that of the quack. He was truly monarch of all he surveyed, a real pioneer who selected his post on the frontier.

He responded readily to the

traditions of his profession in answering the calls of the poor and rich alike. No man was so poor that he could not have the service of this noble physician, neither was he so rich that he could capitalize his skill and art. He did not practice for cash alone and we are told by his good wife that he made trips from Colson to Harlan for the meager sum of \$7.50 and that he delivered babies for \$2.50 in complicated cases, and that he had made neighborhood calls as far as four miles for 50c. We feel that one cannot live so close to the hearts, inner lives, the joys and sorrows of a people as he did for several generations, if he had not been worth his salt, without making for himself a warm place in their affections.

Through these virtues, he wrought a profound influence upon the young ambitious men with whom he made contact, and many of them if we could hear their utterances, would stir the atmosphere of Eastern Kentucky with a solid rhythm of reverberations.

He was not a man of robust health, having suffered from many hemorrhages of the lung during his life. In stature, he was 5' 11" with gray eyes and hollow complexion, weighing 165 pounds.

On January 22, 1906, he moved to Quincy in the northwestern part of Arkansas and homesteaded 160 acres of land in the Ozark Mountains, probably having in mind the satisfaction of farming and practicing medicine in another frontier country, but he soon returned to Letcher County, where he spent the remainder of his life with the exception of a few brief visits to Arkansas.

To his beloved wife, who is responsible for a part of the data herein, I want to say that your loss was that of a husband, but to us it was the loss of an eminent physician, a pioneer in the art of healing and a benefactor to the mountains of Kentucky.

KIWANIS SPIRIT

THIS WEEK: "Key Club" will be the topic for this Thursday. R. L. Wilson will be in charge.

NEXT WEEK: On next Thursday R. W. Storey will give us the plans for "National Kids Day". This program is one that should be of interest to all Kiwanians and we are sure that each one will want to take some part.

LAST WEEK: Pearl Hyden, of Pikeville, who was the guest speaker of Dr. E. B. Sanders, brought us a splendid address on the Constitution of the United States. It was one of the best talks that our Club has been privileged to hear in many a day. Our thanks, Doctor, for a good program.

GUESTS LAST WEEK: R. E. Hughes of Bluefield, W. Va. who is with the National Electric Coil Company, and Frank Baugh of Pineville, Kentucky.

ATTENDANCE PRIZE: The lucky man last week was Homer Davis. Alvin Stults will bring the tie this week.

U. S. 23 The U. S. 23 Association delegates to Frankfort on Sept. 10 were assured by the Highway Commission that the Jenkins to Virginia line reconstruction was scheduled to be started this year provided no serious delays are encountered in obtaining right of way.

Stomach Distress Is Gone After Ten Years of Suffering

One man recently stated that for 10 years he was troubled with stomach distress and was weak, felt worn out, and terribly run down and he had tried many medicines but with no effect. Recently he started taking INNER-TONE and says after only two days he started feeling better. System is regular, headaches are gone and he eats, sleeps, and feels fine, in fact is an altogether different man. INNER-TONE is the new formula of juices from nature's plants combined with blood building IRON and nerve strengthening VITAMINS B-1, B-2, and B-6. It has relieved many people who had never been really helped before by any medicine. Taken shortly before meals it mixes with your food and aids digestion "thus eliminating gas and bloating." So don't go on suffering! Get INNER-TONE at all leading drug stores. Advertisement

POWER STEERING
on the Roadmaster
and Super

BENEATH that big broad bonnet is the reason for this headline.

It's a four-barreled automatic carburetor—Airpower by name—which has a way of gulping in what the dictionary defines as "a sudden blast of wind" when extra power is needed.

And the way this gorgeous performer can step out as this occurs is something you'll always remember.

For ordinary driving, two barrels are all you need—and two barrels are all that are working. They give you an extra thrifty flow of fuel for round-town cruising.

When extra power is wanted in a hurry—the "reserves" swing into action—feeding extra fuel and extra air in an ever-thrifty mixture, which delivers the greatest horsepower in Buick history.

This is one of many distinctions that endear ROADMASTERS to fine-car owners.

It's a car as rich in finish as it is in power—a car of expansive room—restful silence—level in gait—beautifully responsive to your mood and will.

And it offers the effortless ease of Power Steering* especially engineered by Buick to save your strength in

parking and slow-motion maneuvers, and still let you feel a proud sense of command and a sure sense of control on the highway.

There's just one question we'd like to ask: When are you going to come in and enjoy the ride of your life?

Equipment, accessories, trim and models are subject to change without notice. *Optional at extra cost on ROADMASTER and SUPER only.

DIXON HOMEMAKERS CLUB

Making cut flower corsages was the major topic of discussion at the Dixon Homemakers meeting Sept. 12 at the home of Mrs. Pearl Dixon. After a demonstration on making corsages of home grown flowers by Miss Roberta Halcomb, Home Agent, each member tried her hand at the art. We were truly surprised at the excellent results.

As a community project we decided to do what we can in building up a small library for the Dixon School. This will include reading material for all grade levels.

A delicious pot-luck lunch was served at noon.

Our October meeting will be at the home of Mrs. Willie Dixon on Friday, Oct. 10 at 10:00 a. m. Anyone is welcome to join our club.

FRANK WELCH ENROLLS IN U. OF LOUISVILLE

Frank Welch, son of R. H. Welch of Neon, has enrolled in the University of Louisville School of Medicine, entering pre-medical work.

A graduate of Fleming-Neon High School, class of '51, Frank never missed a day or was tardy during his four years of high school. He was an excellent student always making good grades.

The Pine Mountain Baptist Associational Missionary

—by John R. Isaac—

Folks, we are becoming more conscious of Association activities and life in this new "Pine Mountain Association" every month.

Sunday afternoon, the Whitesburg church ordained two fine men, Jack Cox, and Roy Gilley as Deacons. The church had invited a group of ministers and Deacons to sit together in council and if they saw fit to give their recommendations to the church as to the fitness of these men. The council being moderated by Bro. Gifford Walters of Cumberland and Bro. A. P. Williams serving as clerk recommended the ordination of these two fine men. Bro. Walters was the questioner, and he gave them a good "stiff" quiz. We were satisfied with it and them. After this, there was a "charge" given to the church and the Deacons. Your humble servant was asked to do this. The ordaining prayer was led by Bro. A. P. Williams, then there was the laying on of hands. The church had voted to accept the recommendations of the council and to proceed with the ordination. These men will be a blessing to the church and the community, we feel.

Sunday, I preach for Bro. Tommy Adkins up at Leatherwood (Toner). The Leatherwood county is now connected by a good road with Cumberland. It is a shorter distance to Cumberland than to Hazard from Leatherwood. There is a good gravel road from Clover Fork to the head of Big Leatherwood by way of Stony Fork and Delphia. Leatherwood is becoming one of our strongest churches in the Association.

All our work is encouraging and the churches are on the "candle sticks". See you next week.

Two Modern Barns Being Built Here

Two modern barns, patterned by the University of Kentucky, are being built in the county at Mayking and Millstone, by S. A. Collins and Jesse Holbrook.

Each barn will have electric lights and running water. Mr. Collins said his barn will be painted red and white, located on 18 acres of bottom land which will be sowed in grass to pasture a herd of white-face cattle.

Mr. Holbrook will use his acreage for general farm work. Both barns are in the \$5,000.00 bracket.

The People Speak

It was nice to have the opportunity of visiting Uncle Joe Smith in the home of Mr. and Mrs. George Riley Ison on Turkey Creek last week end. It seemed that Mrs. Ison, his daughter was ever ready to look after and attend to her father's slightest desire. Uncle Joe, a quiet, unassuming man and one of the best citizens of Letcher County, is now about 93. Having made peace with God many years ago, he is now approaching the sunset of life's journey with joy and gladness.

A few of his children I have known who are highly respected are Grant Smith, Mrs. John Campbell and the late Mrs. R. A. Luck. On Saturday evening many friends and relatives came in and brother Fayette Caudill and I answered Uncle Joe's request by singing a few of the old spiritual songs of Zion and held church services for him which caused much rejoicing.

We spent the night with Grant Smith, whose wife is in the St. Joseph Hospital, Lexington Ky. She is to have an operation this week. Sunday we had church services at the Turkey Creek school house. The house was well filled and we were much impressed by the many young people present and also by Mr. B. Griffy's wife, who was seriously injured in an auto accident, having them carry her to church in a chair. We were pleased to meet so many good old-fashioned people with so much goodness and open hospitality. As we used to say, with the latch string hanging outside the door.

We feel to commend Judge Collins, the Fiscal Court and Highway Department for the nice highway built up Linefork. We stopped at Campbell Brothers Wholesale and Retail Store and looked across the creek at their watermelon farm. There must still be several hundred melons in the patch. We also noticed that Coy Watts has built a new store building near the highway for his store and the Hallie Post Office.

It would never do to not mention Mrs. Lucinda Lusk, who is now enjoying her 91st. year. She likes to meet people and is surely an interesting talker. Her memory is good and she can get around in her wheel chair like everything and does not look to be more than 70.

Linefork has one of the best Fish and Game clubs in the county. They say there are plenty coon signs and it won't be long until there will be plenty of fish for the taking.

We understand that a new consolidated school plant is to be built at the mouth of Campbell's Branch by the Board of Education.

Sincerely,
H.D. Caudill.

A LETTER

DEAR EDITOR:

Here is a letter from my son, Paul Asher, who is now in France. I wish very much for you to print this letter. I saw in The Eagle where you would like for people to send articles for the paper. Here is the letter:

Hello Mom:

I am here in France now. It is a fine place. I am O. K. as usual. I went to Church Sunday and am sending you a program of the Sunday School and church services.

Don't worry about me and take care of yourself and don't work any. Tell the boys I said do all the work and when I get home I will buy them a car and Mom, I'll write the boys a letter. Love, Paul.

Hello Boys:

How are you both. I want you to do one thing for me. That is to be good to mom and do all the work. You must remember she has worked hard to raise us and when she is gone, you can't take money and buy another mom. Someday you will understand. Boys I am going to school and you go to school also and when I get home we will have a good time together.

Your brother.

TWIN BRIDGE COMMUNITY 4-H CLUB NEWS

A new 4-H Club has been organized in the lower part of Jeremiah. A group of 26 met in the basement of John Dukes home. Frank Duke conducted the meeting as president until we elected the following officers: President, Gwen Blair; Johnny Duke, V. Pres.; Jackie Blair, secretary and treasurer, and Frank Duke news reporter, Judy Duke and Mable Back were elected song leaders.

For our community leader we have Benton Back. Mrs. Watson Adams has been asked to be the leader of the girls and help them in their projects.

We decided to call our club the Twin Bridge Community club because it is located between the two white bridges, about two miles from the Stuart Robinson School.

The club voted to bring a nickel every meeting to build up our club treasure. Our goal is to build up our 4-H club for the years to come.

Frankie Duke, Reporter.

NEON CHURCH REPORTS STEADY PROGRESS

Rev. J. H. Chamberlain.

The Church of God in Neon reports a steady progress in the Church's new location on Main Street. The Reverend James H. Chamberlain, pastor of the church, began his duties there Sunday, August 31, and was greeted by a Sunday School attendance of 53. The following Sunday, 63 were out for Sunday School and 82 were present on the next Sunday.

The Church reports an ultimate aim to do all it can to bring sinners to Christ. Members profess that they want to be a help to the community in which they are working. They claim no "pet" doctrine and "do not go to the extreme on a single doctrine." The Church reports a belief that the Bible is to live by and not a book about which to argue.

Reverend Chamberlain and his congregation report pleasure in the fact that the former pastor, Mrs. Edna Miller, will continue to be a resident of Neon. Mrs. Miller is ill at present, but will resume her church activities as soon as possible.

The Pastor and congregation of the church offer their service to anyone who may feel free to call upon them for help.

NOTICE!

We, the Old Regular Baptist Church of Maple Grove, on the head of Cumberland River, wish to build a Church building in which to worship. We have used the school building since the church was established in 1933. The regular meeting time is the third Saturday and Sunday of each month. Recently the school building was remodeled and we are too crowded to seat our congregation. We have decided to build a church which will be constructed of concrete blocks. All donations, large or small, will be highly appreciated.

LIBRARY NEWS

It has often been called to our attention that Kentucky rates low in literacy. Our state legislature being aware of this fact tried to improve this condition by passing the Hayes-McClain Act in the 1952 session. This act provided \$50,000 to be used for establishing public libraries in the more backward counties where illiteracy is more prevalent.

Miss Cleo Stamper, a native Letcher County girl, and at present a librarian at Eastern State College, read about this appropriation and thought immediately of her home county. She wrote to the Public Library Service Commission seeking help for Letcher County. She received a favorable answer and while spending her summer vacation here, she used her spare time

pushing this project. She spoke before the County Board of Education, the Fiscal Court and several social organizations concerning the establishment of a public library. These people, especially Superintendent of Schools, Dave L. Craft, and the County Board of Education, and County Judge Robert Collins and the Fiscal Court are to be congratulated on their foresight in recognizing her plan as such a splendid opportunity to raise the educational level of our county in the future.

A board will serve as sponsors of this project in the future and it will be composed of each succeeding county superintendent of schools, county judge, mayor and two teachers, one each from the lower and upper ends of the county. The present board, with Supt. Craft

serving as chairman, Judge Collins, Mayor Arthur Banks serving as treasurer, Mrs. Ruby C. Adams from Haymond School, and Mrs. Lundy Adams from Blackey School serving as secretary, have filed an application for state aid.

If this becomes a reality, and we have every reason to believe it will, we will receive a minimum of \$1750 from Public Library Service Fund, \$1250 from the County Board of Education, and \$1250 from the Fiscal Court. Thus we start with a nest egg of \$4250, a free room for housing the library furnished by the City of Whitesburg, and loads of determination.

Now this is the story of the Letcher County Library so far. Will you please do your part to help this to be a story of success? Keep it in mind that this is a county-wide project, not confined to any one section. The board proposes to have a bookmobile that will serve every rural community town, and mining camp. Plan to give generously to this worthy cause. Every community will receive aid and every community should give aid.

When Miss Stamper, to whom we owe our gratitude, had to return to Eastern State College she asked the writer to help in continuing the project she had started and it has been a pleasure to do so. Please feel free to advise and to make suggestions. This will be your library. Mrs. Carl Breeding.

Colleges Give Report On Local Freshmen

Each year, colleges throughout the state and nation send information (grades, progress etc.) to high schools from which freshmen in those colleges graduated in order that the high school principals and faculty members might determine how their graduated students fare in academic competition with graduates of other high schools.

Whitesburg's Principal Millard Tolliver, who is continuously proud of his students, has consented to give the information he has compiled from reports on college freshmen who graduated from the Whitesburg High School in 1950. Here is the report, giving grades and the percentage making those grades in the group:

A—17 percent, B—37 percent, D—seven percent, and F—nine percent. "A", of course, is the highest possible grade and "F" is the lowest.

The report Mr. Tolliver received on 1950's freshmen, who graduated from high school in 1949 gave A—23 percent, B—25 percent, D—12 percent, and F—two percent.

According to those percentage figures, Whitesburg High School graduates, of recent years are far above the normal grading curve employed in most colleges throughout the nation. On those normal curves, there are as many A's as there are F's, the same number of B's as D's and a good majority of C's.

Percentages on last year's freshmen give 54 percent A's and B's and only 16 percent D's and F's. The year before there were 48 percent A's and B's, 14 percent D's and F's and 37 percent C's.

So it isn't hard to see why Professor Tolliver and his faculty are proud of the Whitesburg High School graduates who are reflecting good educational backgrounds in their respective colleges.

Husband's 26 Child Is Third Born To Wife In Taxicab

Mrs. Effie Caudill gave birth to a daughter in a taxicab for the third time Saturday night, but it was her husband who took the spotlight.

James, 73-year-old pastor of three Baptist churches says: "I guess that's about 26 children for me now... 13 one marriage, six another, and seven this time." Doctors have had a hand in only eight of the births.

Mr. Caudill has 14 living children. They range in age from two days to 53 years. There are also 17 grandchildren.

When asked how many are girls, the bewildered father hesitated, then drawled:

"Well there's some of each." He tugged at his memory and finally decided: "There must be about eight boys and six girls still living."

"There's an awful lot of them," he explained, "and they're scattered all over the country."

The present Mrs. Caudill, now 38, has had seven children during the 13 years they have been married.

A retired coal miner and former night watchman at the Consolidated Manufacturing company, Mr. Caudill was born in Whitesburg, Ky. He has lived at 2548 Bushnell avenue since 1941.

For the last seven years, he has been a minister at Enterprise Baptist church in Fairborn and has charges in Middletown and Drexel.

The father was holding services at Fairborn Saturday night when his baby was born. The cab driver, Robert L. Burrell, 31, of 220 East Bruce, called for a police escort as soon as he picked up his wife. Police Lt. R. C. Grundish picked up the cab at First and Patterson streets, and escorted it to St. Ann's hospital.

Burrell said it was his first race with the stork during a year and a half of cab driving. "There wasn't much I could do while I was driving," Burrell said. "I just told her to relax and let nature take its course."

Caudill said his first wife had nine children by midwife, the others under doctor's care. His second wife had six children, none with doctor's help.

"Effie has had all of her seven in the hospital except those three on the road," Caudill said. "One was born in a cab right here in our driveway. The second girl was born in a cab at the police station. And they tell me this one was born in a cab somewhere on the way to the hos-

pital. Caudill was asked if he expects to have any more children. He grinned and said: "Well, you can never tell."

The newest addition to the Caudill family was transferred to St. Elizabeth hospital yesterday morning. Aids said: "She's a big, healthy blonde, girl weighing nine pounds, three ounce. Both mother and baby are doing fine."

Caudill still hadn't seen his latest daughter last night. He was busy at home—baby sitting.
